Vaccine Policy

The physicians and staff of Oberlin Road Pediatrics fully support the efficacy and safety of vaccines. We follow the American Academy of Pediatrics (AAP) standardized schedule for implementation of vaccines, and the North Carolina State Law as the MINIMUM requirement for vaccine administration for our patients. Oberlin Road Pediatrics expects our patients to be immunized on time, starting with the Hepatitis B vaccine in the neonatal period.

If you are transferring your child into our practice from another medical provider, we will review the child's immunization records. If we determine that your child is significantly behind on shots, you will be asked to schedule a vaccine consultation with one of our physicians before we will see your child as a patient. We will work with new families to comply with vaccine recommendations and get back on track. However, if a requested vaccine consultation does not occur or if you are not willing to comply with NC vaccination laws, then Oberlin Road Pediatrics is not the right practice for your family, and we will not accept the child as a new patient.

We are happy to discuss your questions about vaccines during Well Child appointments. If there are extensive concerns or questions, parents will need to set up a separate vaccine consultation appointment. It is Important to understand that this visit may not be covered by Insurance and parents will be responsible for paying for this consultation at the time of service, which may range in cost from $100-$200 depending on the amount of time spent with the physician.

Oberlin Road Pediatrics Family Behavior Policy

Patient Name: _____

This practice is a family-friendly pediatric office caring for impressionable young children and their families. Although occurrences are rare, Oberlin Road Pediatrics feels strongly that our patients, their families, AND our staff deserve to be protected from verbal abuse and aggressive behavior. We all need to respect each other and to "follow the golden rule".

For this reason we have developed and strictly enforce a "No Tolerance Policy" for abusive conduct, "cussing", crude graphics or language on clothing, threatening or aggressive behavior, and larceny. These restrictions apply to any such actions toward patients, other family members and visitors, and Oberlin Road Pediatrics staff. Furthermore, these rules shall also apply to telephone calls and written communications to our office staff and clinicians. We expect a civil and harmonious environment for our pediatric patients, families, and staff.

Please sign below that you understand, agree to, and will abide by this policy. As a "No Tolerance Policy", there will be no further warnings, second chances, or exceptions. Violations will result in immediate transfer of care to another health care provider of your choice. Failure to sign this contract will result in discharge from the practice.

While we understand that disagreements may occasionally occur, these need to be resolved in a civil manner. Depending on the degree of infraction, we reserve the right to involve Child Protective Services, law enforcement, and other appropriate agencies should we deem necessary. We may press charges at our discretion.

Thank you for your interest in making the Oberlin Road Pediatrics office and grounds a wholesome and safe, family-friendly environment.
